CANOPIES AND AWNINGS

A family owned company since 1949, (the oldest awning company in Broward and Palm Beach County), Hoover Canvas Products has been the leading manufacturer of awning products for all types of applications.

We regularly work with designers, architects and engineers. Whether we're executing your architect's concept as-is or coming up with ideas from scratch, Hoover's experience and design capabilities has you covered.

We have been in the same Ft. Lauderdale location since 1958 and 1995 in our West Palm Beach facility. This means we can offer better service than any other company and that we are here to stay! We are involved in the community as members of The Executives Associations of both Ft. Lauderdale and the Palm Beaches. We are also members of the Industrial Fabrics Association International, Light Weight Structures Association, Construction Association of South Florida, and the Professional Awning Manufacturers Association.

We are constantly investing in our future. We adapt and improve our manufacturing systems to include the very best, state-of-the-art equipment and machinery. Why would we do this? Two reasons: quality and consistency.

Hoover has won over 80 national and international trade awards for excellence. We deliver and stand behind the very best products available. We invite you to come to either location at any time and see the care and quality that goes into every product. From the smallest window awning to the largest structures, each job is constructed with the precision and care that make a Hoover product the very best.
